ECO+

RESPONSIBLE CHOICE

Are you looking for a product with an extra durable character?

Eco+ helps you with that.

We will speak plainly; sustainable products are becoming increasingly popular.

The demand for this kind of product is growing because we all want to make a positive contribution to a better environment. When putting together this collection, we have added a little extra! A large number of products, recognisable by the ECO+ logo, are selected based on one of the following sustainable criteria.

That may be because:

- these products contribute to a sustainable lifestyle (Conscious Lifestyle).
- they are made from recycled materials (Low or Less impact raw materials).
- they are made from FSC or by a producer who works sustainably (Sustainable managed source) or
- these products have less impact on the environment in terms of transport and production. (Reducing Carbon Footprint).

Choosing these products contributes positively to your CSR policy

IT DOES NOT GET MORE **PERSONAL THAN THIS!**

We proudly present our latest collection of (business) gifts. All gifts will be highly appreciated by the receiver and more than ever this collection reflects the latest trends in the market.

One upcoming trend is **wireless charging**. You can find the complete collection from pages 53 to 63. All selected products are compliant to the latest regulations; of course. A trend that is still growing is the very successful **Bobby anti-theft bag** by XD Design. The range keeps growing; you can meet the complete family on pages 155 to 161.

Another topic that is getting the attention it deserves is environmental awareness. Our **ECO+** product range has this in mind from the start to finish. These items are easy to recognise in the catalogue. You can read all about this on the previous page. You will choose the right gift, in every aspect.

Finally yet importantly, the latest trend concerns 'making gifts personal'. Selecting a gift, choosing the company or event logo for the gift, creating a personalised sleeve and selecting the gift-wrapping. All choices to make every gift a personal gift, but we are taking that to the next level where personal means **really personal!**

SLEEVES

★★★ WRAPPING

1 Brand it

Adding a company name or slogan to a product helps build a brand name and identity in the consumers mind. Quality branding claims a presence that will attract and retain loyal customers.

2 Sleeve it

A personalised sleeve enhances the perceived value of a product and provides an opportunity to emphasise the corporate or event message even further! Spreading the word was never easier.

3 Wrap it

Have all your gifts wrapped using one of our carefully selected wrapping papers. It is not only a pleasure to give away a nicely wrapped gift, a wrapped gift also makes the gift-receiving experience more exciting and memorable.

MAKE IT PERSONAL

CREATE YOUR UNIQUE PERSONALISED GIFT!

Personalised products & sleeves

Celebrating an anniversary, a graduation or a promotion is a memorable moment.

You can now make it even more memorable by adding the **event** and the receiver's **name** to the gift, making it a moment and a gift to remember!

Cathy protection charm

Did you know that 65% of all women have had to deal with some kind of harassment? 23% have experienced sexual aggression, 20% have been stalked or followed around and the list goes on. Turn your own fashion bag into your personal bodyguard with the Cathy Charm. Using the same alarm functions as the backpack. Pressing the first button twice, triggers a loud alarm, scaring away the aggressor. Pressing the second alarm button twice the Cathy charm will send a silent alarm through the Cathy APP on your connected phone. Up to 3 people (preset in your app) will receive your SOS and exact location. Registered design®

Bobby Elle anti-theft backpack

XDDESIGN

The Bobby Elle is not just a fashionable backpack; it also protects you from getting pickpocketed. With hidden zippers there is no way of getting into the backpack while carrying it. However strategically placed hidden pockets on the back of the backpack will give you as user easy access to smaller items when needed. The front of the backpack is protected with a PP board inside which will prevent thieves from cutting through the backpack and reflective strips on the front will ensure your night safety. This backpack will make sure your belongings will stay safe while keeping it fashionable. Registered design®
